Since its foundation in 1971, The Friends of Woking Community Hospital have donated over £900,000 to the Hospital. This is principally funding for equipment. After a pause while the current hospital organisation settled down, our funds are again being used to meet the Hospital's needs. The exceptional level of donations in 2016/7 has been made possible by the most generous bequest by Sir Alec Bedser, which has been used to fund the creation of the Bedser Hub.
